

Alexandria Gazette

VOL. LXXXII.

TUESDAY, MARCH 8, 1881

NO. 60.

ALEXANDRIA GAZETTE.

—1881—

The ALEXANDRIA GAZETTE, begun in 1799, is the oldest newspaper in the State, and the only daily published in Northern Virginia.

It has survived, with few exceptions, all the public press in America which was with it at the dawn of the nineteenth century. It lives, too, not in decay, but full of life and vigor, giving all the news, telling the truth without fear, favor or affection, trenching on the privacy of no man's home, but full to the brim with all public information, and giving daily honest judgments of public men and public measures.

It furnishes the news telegrams of the New York Associated Press and of Reuter's European agency, being, with three exceptions, the only paper between Baltimore and Richmond that is thus connected with the great fountains of the world's news.

With the coming year all the long tried and improved methods of making a standard newspaper will be continued, with such additional facilities as our experience justifies the proprietor in believing will add to the capacity of the Gazette to serve its readers. It expects to render editorial service to the city, the state and the country by a candid criticism of men and events in the interest of the people of the Commonwealth of Virginia.

To meet all the demands upon it, the Gazette will be made a WASHINGTON and RICHMOND NEWSPAPER, as well as an ALEXANDRIA JOURNAL. The Richmond and Washington news of past years have left little to improve, but yet greater effort will be made to insure absolute perfection in these departments.

The city of Alexandria will find as usual its daily history in each evening's issue, and the intelligence of the section of the Commonwealth which nature has bound to Alexandria by the curvature of its mountains or the courses of its rivers as well as that portion linked to us by the iron bands of railways, will be assiduously chronicled.

The Business and Commercial columns of the Gazette will be filled with the earliest and most exact commercial news, edited with such pains-taking care as will render an error, where even slight errors are dangerous, impossible.

The Cattle Markets of all the leading points of the world whose rates affect this market will be quoted, and regular statements of the Baltimore, Georgetown, Washington and Alexandria sales of cattle will appear.

The Flour, Grain and Produce movements will be noted daily, and the sales of the Alexandria and neighboring markets given with accuracy and dispatch. The Grocery and other markets will receive constant attention, and the money or stock markets of the country epitomized for its columns, full details being given to all stocks, &c., which had investors in this section of the country.

The advertising columns of the Gazette offer inducements which experience has shown to afford greater returns for a small investment than any other which can be made.
